Peter Heng, Communications and Sustainability  
Conference on responsible palm oil organised by The Forest Trust  
19 Apr 2012, London

---

# Disclaimer

This presentation has been prepared by Golden Agri-Resources Ltd (“GAR” or “Company”) for informational purposes.

This presentation contains statements, representation which may or may not be derived from third party reports, quotes from sources other than from within the Company, projections and forward looking statements that reflect the Company’s current views with respect to future events and performances.

All statements and views contained in this presentation are based on current circumstances, practices and assumptions which may change over time, third party reports commissioned by GAR specifically for the purposes of this presentation, third party reports that are readily available and published in the public domain and specific third party reports that have been addressed to the Company and which contents are or is assumed to be in the public domain.

This presentation also contains statements of commitment by the Company to endeavour to perform certain acts pursuant to this presentation. Whereas all such statements are made in good faith and based on the prevailing circumstances that entitle the Company to believe it will perform such commitments, no assurance is or can be given that future events may occur that render the Company unable to perform partially or fully such commitments or vary the performance of such commitments. Nothing in this report may be used in any cause of action for any misrepresentation by the Company.

Opinions expressed herein reflect the judgement of the Company, or the belief by the Company on the reports produced by third parties quoted in this presentation as at the date of this presentation and may be subject to change without notice if the Company becomes aware of any information, whether specific to the Company, its business, or in general, which may have a material impact on any such opinions.

The information is current only as of its date and shall not, under any circumstances, create any implication that the information contained therein is correct as of any time subsequent to the date thereof. In the event any third party quoted in this presentation subsequently amends, varies or otherwise changes its own reports, such reports forming the basis of this presentation, and such third party did not inform the Company of such change of view, GAR shall not be held liable for any information in this presentation that has not been corrected or amended as a result of such changes initiated by such third party.

This presentation may be updated from time to time and notwithstanding anything stated hereabove, there is no undertaking by GAR to post any such amendments, addendum or supplements to this presentation.

The Company will not be responsible for any consequences resulting from the use of this presentation as well as the reliance upon any opinion or statement contained herein or for any omission.

# Introduction

Golden Agri-Resources believes that multi-stakeholder collaboration is the only way to achieving solutions for sustainable palm oil production.

# GAR Forest Conservation Policy

- Builds on GAR's pre-existing commitments.
- GAR's FCP in collaboration with The Forest Trust (TFT) to ensure that GAR has a no deforestation footprint. Various stakeholders including Greenpeace have provided inputs.
- FCP focuses on

No development  
on peat and  
high conservation  
value forest areas

No development  
on high carbon  
stock forests

Free prior  
informed  
consent

Comply all  
relevant laws and  
international  
certification P&C

# GAR Forest Conservation Policy

- Holistic approach: Implemented Social and Community Engagement Policy (SCEP) and Yield Improvement Policy (YIP) in collaboration with TFT and other stakeholders.
- Ultimately, the conserved High Carbon Stock (HCS) area can revert to its natural ecological function as a forest.
- Applicable to all the plantations that GAR owns, manages or invests in regardless of the stake.

# From conflict to collaboration: Multi-stakeholder engagement

# Support from stakeholders

*‘The principle behind the SMART - Nestle - Forest Trust is that of partnership - a partnership that uses the dynamic of the market to improve forest governance and is "climate-smart".  
That's smart business.’*

## **Stephen O’Brien, DFID**

11th Dialogue on Forests, Governance and Climate Finance, organised by Rights and Resources Initiative (RRI)

12 Oct 2011

# Achieving success: Multi-stakeholder collaboration

## Communities

Value and protect  
HCS land

## Industry

Support and adopt  
HCS policy

## Government

Policies to protect  
HCS land and  
implement land swap

# Thank you
